Millenium Home Health Care Now Provides Care Throughout the State of Delaware

Smyrna, DE - Ill and disabled patients in all three counties of the state of Delaware are now receiving Medicare-certified home health care services and personal care services from Millenium Home Health Care, the multi-state provider which has established an office in Smyrna.

Millenium Home Health Care in Delaware is formerly Saints Home Healthcare, founded in 2006 by local health care professionals, and is certified by The Joint Commission.

Trusted by physicians and referral sources for the care of their patients, Millenium provides skilled nursing, physical, occupational and speech therapies, medical social work and home health aide services, and personal care services throughout Kent, New Castle and Sussex Counties.

Now, as Millenium Home Health Care, the provider will be an even stronger presence, able to bring its services to more neighborhoods and regions than ever before. In addition to traditional home care services, new specialty home care services will be developed and announced. Care always will be provided with a "*Personal, Professional and Patient-Focused*" approach.

For 18 years Millenium Home Health Care has provided Medicare home health care services to thousands of patients from three offices in Southeastern Pennsylvania and in the Wilkes-Barre/Scranton region. Their clinical professionals are proud of their prompt, caring, compliant and quality home health care.

In 2011, the Smyrna office that is now Millenium Home Health Care in Delaware was designated by **HomeCare Elite™** for clinical excellence when compared with other providers throughout the nation.

Millenium Home Health Care itself was privileged to achieve, for their 4th consecutive year, the honor of recognition by **HomeCare Elite™**. They also continue to surpass industry standards for clinical excellence in "**Home Health Compare,**" as monitored, measured and posted by the U.S. government. They are among the highest-ranking in the Pennsylvania, Delaware and New Jersey tri-state region.

Millenium Home Health Care President and Chief Executive Officer Anthony P. Angelo said, "We are proud to now bring throughout Delaware the care that has made Millenium a preference to both patients and referral sources in both the Philadelphia area and the Wilkes-Barre Scranton region of Pennsylvania. We look forward to expanding our care throughout Delaware and will work to strengthen and continue to earn respect for care that is personal, professional and patient-focused."

The clinical and administrative professionals of Millenium Home Health Care thank all of their colleagues for continuing to entrust their patients to their care. It is their privilege to care for each patient.

Please call Millenium Home Health Care for assistance with your next referral.
